Fax—732-238-5590

GENERAL DESCRIPTION: BRITE is a concentrated laundry detergent containing a specific blend of soil emulsifying agents. BRITE is formulated with advanced optical brighteners which provide superior results on all washable fabrics and is safe for synthetic and natural fibers. BRITE removes stubborn soil and keeps it in suspension, preventing redeposition on fabric. BRITE rinses quickly and completely, does not contain harsh alkalis, and is effective in all water hardness conditions and temperatures. BRITE is biodegradable.

DIRECTIONS FOR USE:

For normal soils, use 12-16 ounces per hundred pounds of work. BRITE is completely soluble in all normal water temperatures. For optimum soil release, use in hot (140°F to 160°F) water for removing normal soils. Effective soil removal, at the concentrations and temperatures given, may be obtained during a normal 6 to 10 minute wash cycle. If extreme soil conditions exist, a longer or repeat cycle may be necessary.

HANDLING PRECAUTIONS:

CAUTION: WARNING KEEP OUT OF REACH OF CHILDREN.

Alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. DO NOT induce vomiting. Obtain prompt medical attention.

PACKAGING:

50 lb. plastic pail - 50 lbs net / 52lbs gross
100 lb. drum - 100lbs net / 103lbs gross

PHYSICAL PROPERTIES:

Chemical Composition	Soil suspending & rinsing agents; mineral sequestering agents for hard water conditioning; neutrally charged surfactants for effective hard water washing.
AppearanceBRITE powder
pH of 1% solution	11.6
Penetration	Immediate
Stability	1 Year @ Ambient Temperature
Wetting AbilityEXCELLENT
Biodegradable	Yes
Foam	Moderate
Rinsing	Complete
Odor	Pleasant
