GENERAL DESCRIPTION:

RUSTAWAY RUST REMOVING SOUR is designed to completely neutralize linen being washed so that the pH of the finished product is within an acceptable range of the skin pH, thus preventing alkaline or acidic irritation to the skin.

RUSTAWAY reduces "rejects" by aiding in removing alkali residual and mineral deposits such as lime and iron which cause graying and yellowing of linen.

PHYSICAL PROPERTIES:

Chemical composition	Alkalinity neutralizing agents; rust inhibitors and destainers.
Appearance	Clear green liquid
pH , 4%	2.1
pH of 1% solution	324
Specific Gravity	1.046 (8.75 pounds per gallon)
Solubility	Complete and fast
Penetration	Immediate
Neutralization.....	Controlled
Foam	None
Stability	1 Year @ Ambient Temperature
Phosphorus Content	None

INSTRUCTIONS FOR USE:

RUSTAWAY should be added during the final rinse cycle of the formula with a 90°F to 120°F water temperature and a low water level. Sour or Sour/Soft rinses should be 3 to 5 minutes in duration. If a chlorine bleach is used in the formula, the bleach and sour cycles should be separated by at least two rinses.

RUSTAWAY is specially formulated to be used with an automated injector system for ease and convenience. The use of **RUSTAWAY** at 2 to 4 ounces per hundred pounds of work will deliver the proper pH. A pH indicator may be used to check the correct level of sour for various loads. Different fabrics may require different levels of **RUSTAWAY** for example, towels retain more alkali than sheets and would require more sour. The optimum pH is 5.5 to 6.5.

HANDLING PRECAUTIONS:

CAUTION - WARNING KEEP OUT OF REACH OF CHILDREN.

Acidic liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention.

PACKAGING:

5 gal plastic pail - 43 lbs. net / 46 lbs. gross
15 gal plastic drum - 127 lbs. net / 133 lbs. gross
