

AUTO HOOD CLEAN

ENVIROCHEM

425 Whitehead Avenue
South River, NJ 08882
Phone—732-238-6700
Fax— 732-238-5590

GENERAL DESCRIPTION: *AUTO HOOD CLEAN* DEGREASER offers a unique option for thorough penetration of encrusted grease and grime. It is highly effective in the removal of those deposits found in oven and stove hoods. *AUTO HOOD CLEAN* is well suited for automatic hood cleaners. It is also recommended for use on grills, deep fryers, steak platters and the undersides of hoods and canopies where grease and carbon accumulate. This penetrating cleaner is a timesaver, helping to lower labor costs. *AUTO HOOD CLEAN* may be used on stainless steel, steel, chrome, iron, copper and most baked enamel oven surfaces. *AUTO HOOD CLEAN* is a foamy, semi-viscous liquid. It clings to vertical surfaces. *AUTO HOOD CLEAN* is free-rinsing; rinsed surfaces are left sparkling with no residual film. *AUTO HOOD CLEAN* is nonflammable and does not contain and butyl based solvents.

PROPERTIES:

Chemical compositionViscosity modifiers, alkaline builders, alkaline stable surfactants, rinsing agents, water conditioners, soil suspending agents.
Appearance Pale liquid
pH 12.0
Specific Gravity 1.12 (9.35 pounds per gallon)
Biodegradable Yes
Caustic Present
Metal Safety Safe on iron, steel, stainless steel, nickel, porcelain, and glass. May be used on enamel and paint (when diluted). It may etch aluminum, and will tarnish copper, brass, zinc, tin, and galvanize on long contact.

DIRECTIONS FOR USE:

Allow cleaner to penetrate for five minutes. For heavy carbon, use oven brush, or Scotch Brite brand applicator with handle. Rinse with a wet sponge to remove all grease and carbon residue. Heavily encrusted surfaces may require a second application. One application will be adequate for periodically cleaned ovens.

- Steak Platters** - Use 1:1 ratio with water.
- Grills** - Use 1:1 or 1:3 ratio with water.
- Hoods** - Use 1:4 ratio with water.
- Fryers** - Use 1:15 ratio with water.

ALWAYS USE GLOVES WHEN CLEANING OR RINSING.

HANDLING PRECAUTIONS:

CAUTION - FIRST AID

EYES: Flush with water for at least 15 minutes. If irritation persists, obtain medical attention. **SKIN:** Wash with plenty of water for 15 minutes. If irritation occurs and persists, obtain medical attention. **INHALATION:** Remove from exposure. If discomfort occurs and persists, obtain medical attention. **INGESTION:** Drink water to dilute. Obtain medical advice by phone. **DECONTAMINATION PROCEDURE:** Wash with soap and water.

KEEP OUT OF REACH OF CHILDREN PACKAGING:

4 - 1 gal plastic bottles - 39 lbs. net / 42 lbs. gross
