**GENERAL DESCRIPTION:** ENVIRO POWER is a heavy duty Quaternary detergent that disinfects and deodorizes as you clean. ENVIRO POWER is designed for all types of commercial and institutional general cleaning jobs. It is formulated as a concentrate making it economical to use.

ENVIRO POWER is a broad spectrum germicide for mopping or spraying hard surfaces.

ENVIRO POWER possesses three-way disinfecting action when used as a detergent-germicide: (1) disinfecting the surface, (2) inhibiting the growth of bacteria, and (3) transforming mops, cloths, or sponges into self-sanitizing articles. The germicidal action of ENVIRO POWER is effective in destroying a variety of bacteria, yeasts, and molds when tested by the A.O.A.C. Use-Dilution Test and other procedures.

## PROPERTIES:

Chemical composition . . . . . Sanitizers; soil suspending and penetrating agents; deodorizers; soil emulsifying agents.

Appearance . . . . . Clear liquid  
pH . . . . . 11.7  
Specific Gravity . . . . . 1.012 (8.38 pounds per gallon)  
Stability . . . . . 1 Year @ Ambient Temperature  
Rinsing . . . . . Complete  
Foaming . . . . . Moderate

## DISINFECTANT PROPERTIES

ENVIRO POWER attacks a wide range of pathogenic bacteria, both gram positive and gram negative. ENVIRO POWER kills Norovirus Salmonella choleraesuis ATCC 10708 and Staphylococcus aureus ATCC 6538. When applied as directed to pre-cleaned, hard, non-porous surfaces, ENVIRO POWER also kills the following organisms at a use dilution of 5 ounces per gallon of water: Candida albicans, Escherichia coli, Streptococcus pyogenes, Enterobacter aerogenes, Shigella sonnei.

## DIRECTIONS FOR USE

Must be diluted before using - use as specified and follow general cleaning procedures.

For walls, floors, operating theatres, urinals, food storage bins, animal cages and general deodorization use 2 OUNCES OF ENVIRO POWER TO 1 GALLON OF WATER.

For cold storage rooms, garbage cans, showers, and bathing areas use 2 OUNCES OF ENVIRO POWER TO 1 GALLON OF WATER.

ENVIRO POWER (diluted) is safe on any washable surface (it will not harm any surface that water will not harm). For bacteriostatic effectiveness, do not rinse with water. The synthetic detergent combination does not leave a film. This saves time but most important, the unrinsed surface gives bacteriostatic action for several days.

## HANDLING PRECAUTIONS:

### CAUTION: WARNING KEEP OUT OF REACH OF CHILDREN

Alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention.

## PACKAGING:

4 /1 gal plastic bottles - 39 lbs net/42 lbs gross
