

# BUILDER PLUS NP LIQUID LAUNDRY BREAK

ENVIROCHEM

425 Whitehead Avenue  
South River, NJ 08882  
Phone—732-238-6700  
Fax— 732-238-5590

## GENERAL DESCRIPTION:

BUILDER PLUS NP LAUNDRY BREAK is a blend of heavy-duty alkaline builders and sequestering and soil suspending agents. BUILDER PLUS NP LAUNDRY BREAK supplies additional power to release even the most difficult soil and grease stains. Once released from the fabric, the soil suspending agents prevent the soil from redepositing on the fabric. BUILDER PLUS NP LAUNDRY BREAK may be used alone in a break cycle or in conjunction with Envirochem Liquid Laundry Detergent to give stain free results. BUILDER PLUS NP LAUNDRY BREAK is specially formulated to be completely compatible with all other Laundry Products. DO NOT USE ON NATURAL SILK OR WOOL.

## PROPERTIES:

Chemical composition . . . . . Potassium based alkaline builders, buffering agents and cloth protectants, water conditioners, soil and grease emulsifiers.  
Appearance . . . . . Clear liquid  
pH . . . . . 14  
pH of 1% solution . . . . . 12.7  
Specific Gravity . . . . . 1.36 (11.32 lbs/gal)  
Penetration . . . . . Immediate  
Solubility . . . . . Complete and Fast  
Biodegradable . . . . . Yes  
Rinsing . . . . . Complete  
Foam . . . . . Low  
Stability . . . . . 1 Year @ Ambient Temperature  
Total Alkalinity . . . . . 25%

## INSTRUCTIONS FOR USE:

BUILDER PLUS NP LAUNDRY BREAK is specially formulated to be used with ENVIROCHEM Liquid Laundry Detergents or in conjunction with Liquid Laundry Bleach for a personally tailored laundry operation. BUILDER PLUS NP LAUNDRY BREAK is formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from powder hoppers and possible spillage.

BUILDER PLUS NP LAUNDRY BREAK should not be used where solution contact with aluminum will be made. For normal soils, use 4 to 8 ounces of BUILD LAUNDRY BREAK per hundred pounds of work. While BUILDER PLUS NP LAUNDRY BREAK is completely soluble at all normal water temperatures, optimum soil release will be obtained in hot (140° to 160° F) temperatures. Depending on soil and water conditions, a separated break cycle should be from 4 to 8 minutes in length.

## HANDLING PRECAUTIONS:

**CAUTION: WARNING!**  
**KEEP OUT OF REACH OF CHILDREN**

Highly alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention. Consult Material Safety Data Sheet for further information on product acceptability.

## PACKAGING:

5 gal plastic pail - 57 lbs. net/60 lbs. gross  
15 gal plastic pail - 170 lbs. net/176 lbs. gross  
30 gal plastic drum - 335 lbs. net/360 lbs. gross
