Fax— 732-238-5590

GENERAL DESCRIPTION: SPARKLE is a concentrated laundry detergent containing a specific blend of soil emulsifying agents. SPARKLE is formulated with advanced optical brighteners which provide superior results on all washable fabrics and is safe for synthetic and natural fibers. SPARKLE removes stubborn soil and keeps it in suspension, preventing redeposition on fabric. SPARKLE rinses quickly and completely, does not contain harsh alkalis, and is effective in all water hardness conditions and temperatures. SPARKLE is biodegradable.

DIRECTIONS FOR USE:

For normal soils, use 8-16 ounces per hundred pounds of work. SPARKLE is completely soluble in all normal water temperatures. For optimum soil release, use in hot (140°F to 160°F) water for removing normal soils. Effective soil removal, at the concentrations and temperatures given, may be obtained during a normal 6 to 10 minute wash cycle. If extreme soil conditions exist, a longer or repeat cycle may be necessary.

HANDLING PRECAUTIONS:

**CAUTION: WARNING
KEEP OUT OF REACH OF CHSPARKLEREN.**

Alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. DO NOT induce vomiting. Obtain prompt medical attention.

PHYSICAL PROPERTIES:

Chemical Composition Soil suspending & rinsing agents; mineral sequestering agents for hard water conditioning; neutrally charged surfactants for effective hard water washing.
Appearance Powder
pH of 1% solution 11.6
Penetration Immediate
Stability 1 Year @ Ambient Temperature
Wetting Ability EXCELLENT
Biodegradable Yes
Foam Moderate
Rinsing Complete
Odor Pleasant

PACKAGING:

50 lb. plastic pail - 50 lbs. net / 52lbs gross
100 lb. drum - 100lbs net / 103lbs gross
