

Liqua Break Liquid Laundry Break

ENVIROCHEM

425 Whitehead Avenue
South River, NJ 08882
Phone—732-238-6700
Fax— 732-238-5590

GENERAL DESCRIPTION:

LIQUA BREAK LIQUID LAUNDRY BREAK is a blend of heavy-duty alkaline builders and sequestering and soil suspending agents. LIQUA BREAK LIQUID LAUNDRY BREAK supplies additional power to release even the most difficult soil and grease stains. Once released from the fabric, the soil suspending agents prevent the soil from redepositing on the fabric. LIQUA BREAK LIQUID LAUNDRY BREAK may be used alone in a break cycle or in conjunction with Liquid Laundry Detergent to give stain free results. LIQUA BREAK LIQUID LAUNDRY BREAK is specially formulated to be completely compatible with all other Laundry Products. DO NOT USE ON NATURAL SILK OR WOOL.

PROPERTIES:

Chemical composition Potassium based alkaline builders, buffering agents and cloth protectants, water conditioners, soil and grease emulsifiers.
Appearance Clear liquid
pH 14
pH of 1% solution 12.7
Specific Gravity 1.2 (10 lbs./gal)
Penetration Immediate
Solubility Complete and Fast
Biodegradable Yes
Rinsing Complete
Foam Low
Stability 1 Year @ Ambient Temperature
Total Alkalinity 25%

PACKAGING:

5 gal plastic pail - 57 lbs. net/60 lbs. gross
15 gal plastic pail - 170 lbs. net/176 lbs. gross
30 gal plastic drum - 335 lbs. net/360 lbs. gross

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

INSTRUCTIONS FOR USE:

LIQUA BREAK LIQUID LAUNDRY BREAK is specially formulated to be used with ENVIROCHEM Liquid Laundry Detergents or in conjunction with Liquid Laundry Bleach for a personally tailored laundry operation. LIQUA BREAK LIQUID LAUNDRY BREAK is formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from powder hoppers and possible spillage.

LIQUA BREAK LIQUID LAUNDRY BREAK should not be used where solution contact with aluminum will be made. For normal soils, use 8 to 16 ounces of LIQUID LAUNDRY BREAK per hundred pounds of work. While LIQUID LAUNDRY BREAK is completely soluble at all normal water temperatures, optimum soil release will be obtained in hot (140° to 160°F) temperatures.

HANDLING PRECAUTIONS:

CAUTION: WARNING! KEEP OUT OF REACH OF CHILDREN

Highly alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention. Consult Material Safety Data Sheet for further information on product acceptability.
