**GENERAL DESCRIPTION:** NEW AIR OASIS is a unique product formulated to eliminate mal odors associated with garbage, sewage and degraded organic materials. It is an environmentally safe solution for these problems. Odors are eliminated with a complex polymer neutralization system which effectively captures malodorous molecules and neutralizes on contact. Combined with a synthetic odor modifying fragrance, a diversity of odors are controlled.

NEW AIR OASIS is environmentally safe and contains no hazardous materials. All components are biodegradable. It is formulated for commercial and industrial use and should not be used for household applications.

## PHYSICAL PROPERTIES:

Chemical Composition .....	Complex polymers, odor neutralizing agents, fragrance and emulsifiers.
Appearance .....	Blue liquid
pH .....	8.0
pH of 1% solution .....	12.4
Specific gravity .....	1.012
Solubility .....	Fully dilutable with water
Stability .....	1 Year @ Ambient Temperature
Foaming .....	Moderate
Biodegradable .....	Yes
Odor .....	Citrus

## DIRECTIONS FOR USE:

NEW AIR OASIS may be used at full strength for control of difficult odor conditions found in dumpsters, garbage compactors and sewage treatment. Spray directly on to garbage or sewage on a regular basis with an automatic dispersing system. It is also a highly effective odor counteractant when used in general cleaning as an additive to the detergent or as a mopping rinse. Use two ounces per gallon for this application.

For use in odor control around landfills and waste treatment facilities, UNITROL may be effectively used at a dilution of 200 to 1 for dispensing by an air atomizing system.

## HANDLING PRECAUTIONS:

**CAUTION: FIRST AID**  
**KEEP OUT OF REACH OF CHILDREN.**  
FOR COMMERCIAL USE ONLY.  
**DANGER - CAUSES EYE & SKIN IRRITATION.**

**EYES:** Flush with water for at least 15 minutes. If irritation persists, obtain medical attention.

**SKIN:** Wash with plenty of water for 15 minutes. If irritation occurs and persists, obtain medical attention.

**INHALATION:** Remove from exposure. If discomfort occurs and persists, obtain medical attention.

**INGESTION:** Drink water to dilute. Obtain medical advice by phone.

**DECONTAMINATION PROCEDURE:** Wash with soap and water.

## PACKAGING:

5 gal plastic pail - 42 lbs. net / 45 lbs. gross
