**GENERAL DESCRIPTION: SYNERGY 5 BLAST Solid** is a powerful, industrial strength cleaner containing the highest possible concentrations of caustic, alkaline builders, anionic and non-ionic detergents and emulsifying agents and water conditioners. **SYNERGY 5 BLAST Solid** should be used with automatic cleaning, steam or pressure washing equipment. It will quickly remove the heaviest industrial soils from hard surfaces.

#### PROPERTIES:

Chemical composition . . . . . Highly alkaline builders, buffering agents, water conditioners, soil and grease emulsifiers.  
Appearance . . . . . Off White Solid  
pH of 1% solution . . . . . 13.1  
Penetration . . . . . Immediate  
Solubility . . . . . Complete and Fast  
Biodegradable . . . . . Yes  
Rinsing . . . . . Complete  
Foam . . . . . None  
Stability . . . . . 1 Year @ Ambient Temperature

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

#### INSTRUCTIONS FOR USE:

1. Remove cover from new container and place gently into the dispenser bowl.
2. When the container is empty, remove by lifting out of the dispenser.
3. Your sales representative will set dilution timer and dilution rate.

**SYNERGY 5 BLAST Solid** is formulated for dispensing with a solid bowl system. Solutions may be stored in wash tank for automated cleaning equipment, in a bucket for washing with mop application or applied directly to the surface being cleaned. Best results are achieved when washing is followed by a rinse with high pressure water. Solution concentration should be adjusted for the soil load encountered.

**Do not use this product when solution will come in contact with aluminum or fine painted surfaces. This is a heavy duty product formulated for the toughest industrial cleaning applications and should not be used for general housekeeping purposes.**

#### HANDLING PRECAUTIONS:

**CAUTION: DANGER**

**KEEP OUT OF REACH OF CHILDREN**

Highly alkaline solid. Contact with skin and eyes may cause severe burns. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention. Consult Material Safety Data Sheet for further information on product acceptability.
