

LIQUID LAUNDRY BREAK PLUS

ENVIROCHEM

425 Whitehead Avenue
South River, NJ 08882
Phone—732-238-6700
Fax— 732-238-5590

GENERAL DESCRIPTION:

LIQUID LAUNDRY BREAK PLUS is a blend of heavy-duty alkaline builders and sequestering and soil suspending agents. LIQUID LAUNDRY BREAK PLUS supplies additional power to release even the most difficult soil and grease stains. Once released from the fabric, the soil suspending agents prevent the soil from redepositing on the fabric. LIQUID LAUNDRY BREAK PLUS may be used alone in a break cycle or in conjunction with Envirochem Liquid Laundry Detergent to give stain free results. LIQUID LAUNDRY BREAK PLUS is specially formulated to be completely compatible with all other Laundry Products. DO NOT USE ON NATURAL SILK OR WOOL.

PROPERTIES:

Chemical composition Potassium based alkaline builders, buffering agents and cloth protectants, water conditioners, soil and grease emulsifiers.

Appearance Clear liquid

pH 14

pH of 1% solution 12.7

Specific Gravity 1.22 (10.2 lbs./gal)

Penetration Immediate

Solubility Complete and Fast

Biodegradable Yes

Rinsing Complete

Foam Low

Stability 1 Year @ Ambient Temperature

Total Alkalinity 25%

INSTRUCTIONS FOR USE:

LIQUID LAUNDRY BREAK PLUS is specially formulated to be used with ENVIROCHEM Liquid Laundry Detergents or in conjunction with Liquid Laundry Bleach for a personally tailored laundry operation. LIQUID LAUNDRY BREAK PLUS is formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from powder hoppers and possible spillage.

LIQUID LAUNDRY BREAK PLUS should not be used where solution contact with aluminum will be made. For normal soils, use 4 to 8 ounces of LIQUID LAUNDRY BREAK PLUS per hundred pounds of work. While LIQUID LAUNDRY BREAK PLUS is completely soluble at all normal water temperatures, optimum soil release will be obtained in hot (140° to 160°F) temperatures. Depending on soil and water conditions, a separated break cycle should be from 4 to 8 minutes in length.

HANDLING PRECAUTIONS:

CAUTION: WARNING!

KEEP OUT OF REACH OF CHILDREN

Highly alkaline liquid. Contact with skin and eyes may cause severe irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention. Consult Material Safety Data Sheet for further information on product acceptability.

PACKAGING:

5 gal plastic pail - 57 lbs. net/60 lbs. gross
15 gal plastic pail - 170 lbs. net/176 lbs. gross
30 gal plastic drum - 335 lbs. net/360 lbs. gross
