Fax— 732-238-5590

**GENERAL DESCRIPTION:** SUPER FLUFF liquid laundry softener is a concentrated static reducer and fabric softener which adds a smooth, silky "feel" to flatwork and linens; fluffs out towels and diapers, leaving them comfortably soft. SUPER FLUFF reduces static on nylon and other synthetic fibers, making them easier to clean and more comfortable to wear. SUPER FLUFF lubricates the fabric, increasing productivity of flatwork operations. Less wrinkling, sticking and static means increased ironer speeds. Fabrics stay fresh and neat all through the day. SUPER FLUFF also cuts laundry cycle time by reducing extraction time and reducing drying time. SUPER FLUFF has a delightful fragrance that leaves fabrics, clean, fresh and soft. SUPER FLUFF is safe for use on natural and synthetic fabrics.

## PHYSICAL PROPERTIES:

Chemical Composition . . . . .	Static and wrinkle reducing agents; fabric softening agents; fragrance
Appearance . . . . .	Pink liquid
pH . . . . .	.6
pH of 1% solution . . . . .	6.1
Specific gravity . . . . .	.99 (8.3 lbs./gal)
Penetration . . . . .	Immediate
Stability . . . . .	1 Year @ Ambient Temperature
Biodegradable . . . . .	Yes
Foam . . . . .	Low
Odor . . . . .	Pleasant

**DIRECTIONS FOR USE:** SUPER FLUFF is to be used in conjunction with the other Envirochem laundry products for a personally tailored laundry operation. SUPER FLUFF is specially formulated to be dispensed directly from the shipping container through an automated injector system into the laundry machine, thereby eliminating hand feeding from powder hoppers and possible spillage. For normal laundry conditions, use 2 to 4 ounces of SUPER FLUFF per hundred pounds of work. FABRA SOFT is completely soluble at all normal water temperatures. SUPER FLUFF can be used at cold or warm ( 70-120 degrees) temperatures.

## HANDLING PRECAUTIONS:

### CAUTION: WARNING

#### KEEP OUT OF REACH OF CHILDREN:

Contact with skin and eyes may cause sever irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult a physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. Do not induce vomiting. Obtain prompt medical attention.
